

- Certificate of competency and resume of supervising operator on site. Include names and ages of all assistants that will be participating in the display (minimum 18 years old.)
- Quantity of fireworks, trade name, description, copies of Safety Data Sheets (SDS) for the pyrotechnic materials to be used, and the manner and place of storage of fireworks, prior to the display.
- Copy of a current U.S. Bureau of ATF Federal Explosives license/permit - \*only required for 1.3G fireworks
- Diagram of the location for fireworks display. An incomplete diagram will be rejected and delay the permit approval process. The diagram must include the following:
  1. Fallout radius for the largest shell to be fired;
  2. The points at which the shell and/or cakes are to be fired;
  3. Locations of significant buildings, public roadways, overhead obstructions, and utilities at the site;
  4. The location of the lines that behind which spectators are restricted indication distances in feet;
  5. Indication of magnetic north.

I hereby certify the information provided is true and correct. I hereby agree to the following conditions:

1. To pay the required \$100.00 permit fee at the time of application.
2. That the permit is valid for the date(s) of shoot or rain date(s) only.
3. To furnish copies of operators credentials.
4. The applicant and Sponsor will comply with all Federal Government, State of Wisconsin, City of Wausau ordinances, and NFPA 1123 (for Fireworks permit), NFPA 1126 (Pyrotechnics before a proximate audience permit) and NFPA 160 (Standard for Flame effects.)
5. To file a certificate of Insurance as listed above.
6. I understand the Fire Chief / designees have the right to terminate the display for actual or perceived safety, procedural issues, violation of any rules or regulations after the permit has been issued.
7. I have submitted all required documentation and the application is complete. \_\_\_\_ **Initial here**

The Chief of the Wausau Fire Department, or designee, has reviewed the application and:

- Approves the discharge of the listed fireworks as specified in this application.
- Disapproves the discharge of the listed fireworks as specified in this application.
